I need some time just deliver the things that I need for
now

Everything that I feel's like a warm deep calm casting
over me

And it's taken me to somewhere new
If you believe that everything's alright
You won't be all alone tonight
And I'd be blessed by the light of your company
Slowly lifting me to somewhere new

Oh can you tell I haven't slept very well since the last
time that we spoke

You said, please understand if I see you again don't
even say hello
Please

What a night it is
When you live like this
And you're comin' up beneath the clouds
Don't let me down
Oh, the wall's still there I just don't know what to do with
it now
You know I still can't believe we both did some things
I don't even wanna think about

Just say you love me and I'll say I'm sorry
I don't want anybody else to feel this way
No, no, no

Oh can you tell I haven't slept very well since the last
time that we spoke
I said, please understand I've been drinkin' again and
all I do is hope
Please

Stay! Please stay!

I'll admit I was wrong about everything
Cuz I'm high and I don't wanna come down
All the fun that we had on your mothers couch
I don't even wanna think about
I'm not strong enough for the both of us

What was I supposed to do?
You know I love youâ€¦
Ohhh

Please stayâ€¦ stayâ€¦ stayâ€¦
