Cause I'm a mess and you know that I can't help it  
The drive home never seemed this long before  
Killing time just a little bit faster  
And I swear we'll make it

But I can't tell you what I don't know  
(Be mine tonight, be mine tonight)  
The simple things, they make my heart go  
(Be mine tonight, be mine tonight)  
But I can't tell you what I don't know  
You'll have to wait  
You'll have to wait

Stay strong  
And only know that it'll be here while I am gone  
Because I'm coming home  
Coming home tonight  
Let's get this right  
I said I'm coming home  
Coming home tonight

You said it hurts and you know that I believe you  
Searching every little thing to find a way  
To tell your heart just to wait a little longer  
I swear we'll make it

But I can't tell you what I don't know  
(Be mine tonight, be mine tonight)

The simple things, they make my heart go  
(Be mine tonight, be mine tonight)  
But I can't tell you what I don't know  
You'll have to wait  
You'll have to wait

Stay strong  
And only know that it'll be here while I am gone  
Because I'm coming home  
Coming home tonight  
Let's get this right  
I said I'm coming home  
Coming home tonight

One more night  
And we'll go spinning around the room  
It starts with our hearts on fire  
Cause every song is ours tonight  
And if you help me sing  
Change the whole world  
That it's greatest thing that happened to me  
I finally found a good reason to come home

Stay strong  
And only know that it'll be here while I am gone  
Because I'm coming home  
Coming home tonight  
Let's get this right  
I said I'm coming home  
Coming home tonight
