# "The Last Something That Meant Anything"

Visit "[The Last Something That Meant Anything](https://MotoLyrics.com)" on MotoLyrics.com

Well I thought that we could sit around and, talk for  
hours  
About things I couldn't say to you  
And things that we could never do and,  
This conversation has had no face  
When the words take days you can re-write and erase  
anything

You know my heart (so tell me honestly did you ever  
really want this)  
Knows all these

And I'll borrow words from all my favorite paragraphs  
To write a ballad while we say the things  
We'd hope would mean the most to me  
And  
Each letter sent i have found in new pages of hope for  
the days when i feel like I've lost  
Everything

You know my heart (so tell me honestly did you ever  
really want this)  
Knows all these parts (cause my jealous heart can't  
take that)  
So I'll sing this song for every word thats come out  
wrong

But, I'll be ok (Is that what you want me to say)  
It's called breakup  
Cause it's broken

Yeah, and I'll be ok (is that what you want me to say)  
It's called breakup  
Cause it's broken

I'll be ok  
Is that what you want me to say  
It's called Breakup  
Cause it's broken  
[repeats]

[singing]

I'll be ok, is that what you want me to say  
Cause it's broken  
And well, try so bad to tell me that you  
Make it that you're sorry and the  
Lines we said  
Never meant the words we meant  
Cause it's broken  
Every kiss that you could ever mean  
The everything that takes you back  
The chocolate, rose, the kisses  
That like chasing through your misses

I'll be ok  
Is that what you want me to say  
It's called Breakup  
Cause it's broken  
[x2]

Well I thought that we could sit around and, talk for  
hours  
About things I couldn't say to you  
And things that we could never do
