Verse

His girlfriend cheated on him so now he's down
Perfect time for me to come along 'cuz she's no longer
around
I call him up and ask him out but he's "chillin" with "his
boys"
Maybe next weekend he says to me, I'm still kind of
hung up on that bitch

Chorus

I don't know what his deal is . . . His face is a mystery
I don't know what he sees in her . . . All I know is He'd
look good on me!

Verse

So the next weekend rolls around and I call him up
again
I say "hey man, you wanna do something?" and he said
"alright, when?"
I tell him to come over my house cause no one's gonna
be home
We f****d all night but when the morning came, I woke
up alone

Chorus (x2)

I don't know what his deal is . . . His face is a mystery
I don't know what he sees in her . . . All I know is He'd
look good on me!
