I am completely free while you are absolutely confined
and I am everything when you are nothing
But who will navigate this sinking ship?

This is the New World Order
Tear us into small fractions
The dream of Zion, the dream of hypocrites
The stars over the seas show us the signs of oncoming
infidelity

And I am everything when you are nothing
But who will navigate this sinking ship?

Behold the truth!
Divine creation, we're standing here, waiting for your
direction

How can we survive if we can't unite?
Those who don't believe shall be erased from this
world

Behold the truth!
Divine creation, we're standing here, waiting for your
direction
The son of Nazareth is calling all the knights he has
blessed to take over the rights of fallen men
This is revolution

It was written in the book that we will reclaim our throne
For the truth is the only reason to protect the ones we
love

This is the New World Order
Tear us into small fractions
The dream of Zion, the dream of hypocrites
How can we survive?

Those who don't believe shall be erased from this
world

Divine creation, we're standing here, waiting for your
direction

The son of Nazareth is calling all the knights he has
blessed to take over the rights of fallen men
This is revolution

How can we survive if we can't unite?
So here we are, we will navigate this sinking ship
