We used to play out in the rain  
Your mother scolded us  
She said that we were bad  
(She said that we were bad)

I thought I better go on home  
You watched till I was gone  
Ooh, girl, you looked so sad

I picked you up when you fell  
And cut your knee  
I told you not to cry  
And held you close to me

As I was running  
Through the storm  
To get my umbrella  
(Think about it...)

I stopped in shock  
When I saw you with  
Another fellow, oh, wow

Can you remember the rain  
Can you remember the rain  
You left me for somebody else  
Now I must face life by myself

You broke so many rules in school  
I took the blame for you  
I guess I was the fool

You used to sneak me notes in class  
I winked my eye and laughed  
Those days went by so fast

I heard remarks  
That tore us all apart  
I'm still trying to put back  
The pieces to my heart

And I'll be crying your name, girl

Until my very last breath  
(Think about it...)

'Cause my existence without you  
Ain't nothing but a little death  
Gosh

Can you remember the rain  
Can you remember the rain

You left me for somebody else  
Now I must face life by myself

Can you remember the rain  
(Think about it...)  
Can you remember the rain  
(Think about it...)

Oh, baby, baby, baby, baby  
(Can you remember the rain)  
Baby, baby, baby, baby...
