I can't stop thinking about you
The way you turn me on
I can't stop thinking about you
No, no, no, baby

You stole my heart girl
(What a crying shame)
Yeah, a love torn apart girl
(And I was to blame)
Visions of you now
(When I close my eyes)
I can't let you go girl
(You've got me hypnotized)

I can't stop thinking about you
The way you turn me on
I can't stop thinking about you

I tried to fight it
But I can't let go
Cause everything about you is so incredible
I wanna play with your body
Softly, softly
And maybe we can get naughty
I'm so bossy, bossy
I always think of you and it makes me wait
I try to find the words to say
But I just can't speak
I'm so high and she's the reason why
Baby maybe we can spend some time
When you and I get intertwined
And you can let me hit it from behind

And now the winner report
I've started facing my infatuation
You have combination that's so hard to find
And when I'm chasing all the nights we've had in my
imagination
I get a revelation that just blows my mind

I can't stop thinking about you
The way you turn me on

I can't stop thinking about you

I can't stop thinking about you
The way you turn me on
I can't stop thinking about you
