V1

Your the older guy in school
the one that everybody wants to pull
your girlfriends always there
i really couldnt care
cos we could always share!

people say i got a crush
take it slowley not to rush
no one seems to see
how much he means to me
my heart is breaking fast
when richard walked right passed.

v2

he dont even know my name
id like to thrill him all the same
i dont know if i should
oh but i bet it would be good

bridge

cos he gives me my kicks
hes the one id really miss

chorus

when richard walked right passed!
