I don't know how to please You.
I don't know what Your wanting out of me.
But all I know is that I need You.
I want to be what Your calling me to be.
But every time I get near You,
I get a little intimidated by
The very reason I fear You,
The very reason I'm alive.
And I wanna give You my life,
So I can feel You.

(Chorus)
So what do You need?
What do You want from me?
I know you saved the world,
So what could I mean?

Everything that I've searched for,
I'm finding out that it was all a big mistake.
And everything that I've lived for,
It is becoming much more than I can take.
But You have always kept me here,
Although it seems I never understood why.
Cause Your the only one that I fear.
The very reason I'm alive.
And I wanna give You my life,
So I can feel You.
