Kundoalini
Gives me a headache
Edgar Mitchell
Is stretching his brainwaves
Buddha and Mohammed
Are still lying from their graves

Eat the candy
(spiritualism)
Wear the blinders
(solipsism)
What's it matter, anyway?
(fatalism)

Got a feeling
Like you're falling down a hole

Fence riders
You're running out of time
Backsliders
Start towing the line
Sister Carter
Make up your mind

Humanism
Is a tired old line
The logos is sleeping
Just give it some time
Evolution is preaching
"From monkey to divine"

Chorus

Angels on assignment
Spiritual Misalignment
No true deliverance
Pray for forgiveness
Chains and bonds

Holistic movement
Occultic solvents

Divination
Psychic sensation
Babble on
It's mystery babylon
