Well I was stranded on the ocean I was drowning there
at best.

So I came unto your desert where I tried to bide
But I got so excited.

I can give what you wanted
And he gives you what you need
He don't care if you don't show up
Cause a man in need is such a friend indeed

Now it's time to leave
We go go go
And now it's time to leave
We go go go
We go go go

And I got bones inside my body
You've got eyes inside your head
And if you saw the things I'm writing
You would hate my guts and you would probably think
I'm nuts
And I will call you when I wanna, I will call you when I
can
I don't care if you get lonely, I don't care about you,
you've got the upper hand.

Now it's time to leave
We go go go
And now it's time to leave
We go go go
We go go go
We go go go

Well it was big and white and on your shoulder
And I could see your throat, and there was no one
home
And it was colder, and I could hear you moan
And there was no one here to talk about it
And I was in the mood
And so we go go go go go go go

And now it's time to leave
We go go go
And now it's time to leave
We go go go
We go go go
We go go go
We go go go
