"In Your Heart"

Don't say that you are nice to me, alright,
You're lying
Don't say that you will be with me tonight,
You're lying
Don't think I forgot what you said,
Implying
There's nothing there and it's dead,

In your heart, in your heart.
In your heart, in your heart.

Don't say I'm not nice to you tonight,
I'm trying
Don't say I'm not in love with you alright,
I'm crying
Don't say you'll be with me again,
You're lying
There's nothing there and it's dead,

In your heart, in your heart.
In your heart, in your heart.
