Morning after morning
Day after day
Life goes on
In the same old way
No variation
Or so it seems
Sometimes we realize
Our nightmares
Not our dreams

It's sad
It's so sad
When someone says they
Found The Answer
You tell him you're
Not really doing
That bad

Trying to buy heaven
Right here on earth
The cost will always end up
More than it's worth
You ponder living
You wonder why
No matter what you do
You're still going to die

Chorus

Guilt is in your conscience
Pain in your soul
Feel's like you're falling
Down a deep dark hole
You drink good whiskey
You smoke good pot
Twenty more years
What in hell have you got

Chorus
