Never thought I would say this again.(that I need You)
Never knew just how it would end.(now I want You)
If only I could retrace my steps in the sand.
I need You. I want You. I need You. What do You want
me to.
Every part of me wants to believe I have so much more
left to receive.
But somehow I've turned into what I didn't want to be.

(Chorus)

If this is how it ends, take me back to begin again,
cause I want to know You more.
If this is how it ends, take me back to begin again,
cause I want to know You.

Never thought I would feel You again.(now I need You)
Cause everything just slipped through my hand.(now I
want You)
If only I could find You I'll not run again.
I need You. I want You. I need You. What do You want
me to.
