You told me it's just
A matter of time
Before the gas runs out
And i can agree with that feeling
'cuz i'm kind of reeling
In the same doubt
About you and me
And i can see that it's time
For you to give me yours and
Me to give you mine
'cuz it's a bad thing when two
Like me and you
Don't share the same bed
In this house

Look baby look, look into my eyes
Can you see the tears flowing down
Will you love me baby,
Love me all you can
Can i be your man right now
Right now

And i know it's been
A long long time
Since i took you,
Took you by the hand
And showed you my world,
And showed you where i stand
'cuz i'm a little scared,
Just a little scared
'cuz you see me for what i am
And i'm a man that wants you
Yeah, only you
And i want to squeeze
Everything out of you and me
And pour it out, pour it out,
Pour it out

Look baby look, look into my eyes
Can you see the tears
Flowing down

Will you love me baby,
Love me all you can
Can i be your man right now
Look baby look, look into my eyes
Can you see the tears
Flowing down
Right now
