Wouldn't it couldn't it
Shouldn't it be nice
To be in love
Wouldn't it couldn't it
Shouldn't it be nice
To be above
All of the pain
And frustration of being alone
Nobody nobody nobody likes
To be chilled to the bone

You been trying
You been trying maybe
To find that one missing part
You been tring and trying baby
But you can't seem to melt
Your own heart
You heard lies and believed them
Until you cannot learn a thing
But late at ight
When you're all alone
You can still hear our ears ring

I can't help but sigh
When you try to deny
Every why
With a lie
That may fry
You in hell
Forever

You don't need to die
And that's the reason why
I'm looking in your eye
And telling you
That it's now
Or never

Turn back
From the way you been living
Give back

Everything you've been given
Walk back
To the Lord and you'll be forgiven

Fall back
To your knees in praying
Look back
To the word He was saying
Get back
On your feet get up from
Where you been laying
