Every minute
The angels come
Gonna take away
Another one i love
Is someone in a hurry
To get it all done?
Put on your wings
Here comes another one
Nothing left to do here
Or talk about
Board up the windows
We're gonna head on out
Now we know the reason
For the undertow
So we don't forget
How deep the water goes
If you let me know
What i can do
I will surely try and help you
We are related
We cannot keep the box that we came in
Gotta give it up
Angel come down
And stretch my skin
Inside out
Upside down
And in
Gonna bind my little hands
With my own deceit
Spin me around
Until my soul ends meet
If you let me know
What i can do
I will surely try and help you
We are related
We'll never need the roses once they're faded
We cannot keep the box that we came in
If you let me know
What i can do
I'm gon' surely try and help you
We are related

We cannot keep the box that we came in
Gotta give it up
