Guess I better come clean
I was lying through my teeth
You know that I was getting
Downright mean
And you heard about enough
Excuses from me
To fill a magazine
It was getting hard to sleep
Cuz my talk was only cheap
But you're gonna be surprised
To find me talking like I'm
Someone new

Was looking oh so cool
But I done enough crying
All alone to fill a
King-size pool
Guess I had to find out
The hard way baby
I was someone's fool
It was getting hard to sleep
Cuz my heart was on the street
But you're gonna be surprised
To find me looking like I'm
Someone new cuz baby

Someone new got ahold of me
Someone new took control for me
And what I blew
It won't be held against me
Someone new is looking out for me
Someone who's got real love for me
But what's it to you
Are you gonna be the last to know
Are you gonna be the last to know

You think you're gonna be good
You think you're gonna try and
Save the world
Like some modern-day Robin Hood
Guess you're gonna find out

The hard way, babe
There's only One that could
It's getting too late to sleep
Why don't you come in off that street
And you're gonna be surprised
When you find out you can be
Someone new too cuz baby

Someone new could take care of you
Someone who's got real love for you
It's up to you what you gonna do yeh
Someone new looking out for you
Someone who's got real love for you
But what's it to you
Are you gonna be the last to know
You don't want to be the last to know
You could be someone new
