VERSE 1:

Please help me
I've just caught a glimpse of eternity
I am so scared
Just realized where I'm gonna be

And I don't wanna end up there
So it's time to change my own destiny
It's time to act like I care
About something more than me

CHORUS:

And I know you're hurting
That's why you search for me
So I am nowhere to hide
From your grace

And I know you love me
But I just can't believe
That I could be what you might

'till one day I can see it on your face

VERSE 2:

Please help me
Somehow I can't see through my insanity
Are you there
I can't see my hand right in front of me

This pain is more than I can bear
So I've got to get to you all of me
It's time to act like I care
About something more than me

CHORUS:

And I know you're hurting
That's why you search for me
So I am nowhere to hide
From your grace

And I know you love me

But i just can't believe
That i could be why you died

Til one day i can see it on your face

BRIDGE:

'till i see your face

'till i see your face

MY HEART IS...

CHORUS:

And i know your hurting

That's why you search for me

So i am no where to hide

From your grace

And i know you love me

But i just can't believe

That i could be why you died

And i know your hurting

That's why you search for me

So i am no where to hide

From your grace

And i know you love me

But i just can't believe

That i could be why you died (DIED)

Til one day i can see it on your face

OUTRO:

Please help me

I've just caught a glimpse of eternity

I am so scared

I am so scared
