If love
Don't ever come
Then i
Really don't need none
Tell me one that i haven't heard
One at a time they come to me and tell me
Love is a mystery
And
It's
All right
My life
Is empty and bare
And i ain't seen no love
No love
Nowhere
In the end
Will something that i never had
Be something that i'll want again?
Tell me one that i haven't heard
One at a time you come to me
And you tell me
Love is a mystery
And it's all right
Everybody swears
Love's gotta be there somewhere
Don't stop looking
'cuz it's all around you
Here today
And
There forever
I know
I know that
I know that
I know
Stare at a photograph
Remember how you laughed
It's hard when i look back
On all of the times i tried
Left me wondering why
Why oh why am i
Still here?

Still here...
I'm here and i feel
I feel what i fear
I fear what i feel
I feel that i'm here
There's something that i never heard
Given time it'll come to me and tell me
It's gonna set me free
Set me free
