When I gave up, you held up
When I ran out, you filled me up
When I kept runnin', you kept up
When I let you down you lifted me up

This is the way love is

When I couldn't find the words, you understood
When I didn't find the time, you were in no hurry
When I wouldn't make ends meet, you tied them
together
When I cheated you kept to the rules

Well, this is the way love is
This is the way love is
When it's a one-sided double-minded mirror with no
reflection

When I was keepin' it in, you were givin' out
When I was losin' out, you'd let me come back
When I was holdin' back, you were holdin' on
When I was losin' my cool you were keepin' your love
warm

Well, this is the way love is
This is the way love is
When it's a one-sided double-minded mirror with no
reflection

When I kept it all to myself like a miser holds on to his
last dime
When I closed up myself like a desperate hand on a
lifeline
Well I was bled, I was dried, all wrapped up in my pride
This is the way it is when you're on the wrong side

Well, this is the way love is
This is the way love is
When it's a one-sided double-minded mirror with no
reflection
