"Yesterday's Heroes"

From the cradle to the grave
The Oi Boy trying to be brave
Show he's going to everyone
From his birth to his death
Got to prove that he's the best
Don't even mean it's got to me done

But he's yesterday's hero
Yesterday's hero in every way
Yesterday's hero
Yesterday's hero is forgotten today

Wants to try his hand at pop
Have a record at the top
All these records are lots of fun
Concerts city style
They all make you smile
Ain't it all a load of fun?

On telly every day
Copied in every way
Fans ask for an autograph
Some kind of superman
Photographs for a fan
Don't it all make yer laugh?
