If I'm walking in the dark  
You don't scare me  
Killer chasing me thru the park  
You don't scare me  
I could ride on a plane  
Losing all it's engines  
Heading straight down the drain  
I don't care, I don't care  
I don't care, I don't care  
Cuz I know, no you don't  
You don't scare me

Go for a drive and hit a rock  
You don't scare me  
Lightning bolt give me a lethal shock  
You don't scare me  
I could fall down the stairs  
Or get stabbed at the fair  
I won't fear, I won't fear  
I won't fear, I won't fear  
Cuz I know, that you don't  
You don't scare

Why should I go the wrong way  
Down a one way street  
Against the Heat  
When in one moment you could  
Turn my up-to-date to obsolete  
And your indiscreet  
And you don't repeat  
And you're beat beat beat  
You're so beat

Yea though I walk  
Through the valley  
Of your shadow so near  
I will fear no man  
I will fear no woman  
I will fear no pain  
I will fear no thing  
Cuz you don't

No you don't scare me

I'm gonna show you a mystery  
You'll be swallowed in victory  
Where's your stinger  
Where's your sting
