CARPET MAN  
5TH Dimension

When you see some puddles on the ground  
You lay down so she don't have to walk around  
You think that will protect her from the rain  
But you'll never ever stop the pain  
She walks all over you  
You know she can, she knows she can  
You're a carpet man, you're a carpet man

You take such care to keep that girl's feet clean  
Like she's some kind of figurine  
The world's so far below her it's not her scene  
And so she uses you to stand between  
She walks all over you  
You know she can, she knows she can  
You're a carpet man, you're a carpet man

I would think you'd get tired of hurtin'  
Every now and then  
It's no good down there that's for certain  
And carpets do get thin  
And that's when they have to be thrown away  
That's what she'll say to herself some sunny day  
And she'll say come to my wedding and of course you  
do  
And then the groom and her will have a dance on you  
She walks all over you  
You know she can, she knows she can  
You're a carpet man, you're a carpet man
