im ready to walk away,
but that won't help me now
just carry on this way,
but i don't know how
im longing for that day,
so im xxxxxxxx

if i die tonight,
that would be alright,
just as long as you met me there

i leave this place,
just to see your'e face,
cause i know that youre waiting there

on my own again,
but you won't be around
there are harshal men,
and they need me somehow.
its all i have to bring,
you put me in the fight,
i'll give up everything,
let me die tonight

if i die tonight,
that would be alright,
just as long as you met me there

i leave this place,
just to see your'e face,
cause i know that youre waiting there

scream { i will die, die tonight }

if i die tonight,
that would be alright,
just as long as you met me there

i leave this place,
just to see your'e face,
cause i know that youre waiting there X2
