You've gone away  
I'll never be the same  
Maybe time will heal the wound or  
Time could tear apart  
The love within our hearts  
So far we've strayed

I know it's done but  
I still believe you're  
The only one fine day  
That love will bring you back  
Into my arms

Come back baby  
Don't you stay  
Away and  
Leave me only  
Sad and lonely  
Beggin' you to say  
Come what may  
You'll come back  
Stay forever  
Leave me never  
Baby please

Go deep inside, you'll find  
The ties that bind up all  
Our dreams and hopes together  
Will you take them one by one  
And break them  
You're forgetting the one  
That made them, please  
Don't forsake them this way

Come back baby  
Don't you stay  
Away and  
Leave me only  
Sad and lonely  
Beggin' you to say  
Come what may  
You'll come back

Stay forever  
Leave me never  
Baby please

If you don't come back, baby  
Tell 'em all i'm crazy, but  
Don't you ever say you cared  
Baby i love you and

If you're thinking of me  
Come on over here and love me girl,  
I'm giving you the right  
To all of me

Come back baby  
Don't you stay  
Away and  
Leave me only  
Sad and lonely  
Beggin' you to say  
Come what may  
You'll come back  
Stay forever  
Leave me never  
Baby please
