with the boots on my feet and this jacket on my back
gonna walk the streets tonight, gonna face a heart
attack
don't know where i'm headed, and i don't know where
to stay
but when i get there things are going to be okay

shouldn't concern you and it doesn't concern me
shouldn't concern you and it doesn't concern me
cuz we're just punks! we're just punks!
we're just punks! we're just punks!

with this mohawk on my head and ideologies in my
mind
when i walk down your street, i know you're thinking
that you know my kind
just because i look "different" doesn't mean you have
the right to harass
does it boost your self-esteem? to me you're just
another punkass

shouldn't concern you and it doesn't concern me
shouldn't concern you and it doesn't concern me
cuz we're just punks! we're just punks!
we're just punks! we're just punks!

hey! ho! hey! ho! hey! ho! hey! ho!

here to piss you off... we're just punks!
gonna do what we want... we're just punks!
gotta do just what we can cuz that's just who we are

we're just punks!

here to annoy you... we're just punks!
gonna do what we can... we're just punks!
gonna do just what i want cuz that's just who i am

shouldn't concern you and it doesn't concern me
shouldn't concern you and it doesn't concern me
cuz we're just punks! we're just punks!
we're just punks! we're just punks!
