(Intro)

This place is strange and foreign to me  
And that sign wasn't defined real well.  
Tell me are those footprints of heroes  
Or graveyards where fools fell

(Verse 1)

Through, endless nights and repetitive days  
I feel as though I'm caged and I need to escape  
This place in time, whether it's my fault or not  
I blame myself, it seems I'm doing that a lot  
So stop, the madness confused with sadness  
But it's a gift, and I'm just glad to have this  
Although I know, the road less traveled  
Seems like a good idea, but when unraveled  
It's a different kind of beast, a change in the wind  
Can take you from where you are now to when u begin  
And that's the thing, no one wants to be left alone  
I'm still looking for a place that I can call home  
A journey for somewhere, and something to believe  
Underneath the stars, someone looking for me?

(Chorus)

Please tell me, cause I'm still  
Looking for somewhere  
Yeah I'm still looking for something to believe  
I'm still looking for somewhere  
For someone looking for me

Is there, anywhere to rest in this wilderness  
Cause I'd make a run for it but it's so hard to see  
And tell me is that the very hand of god or just a  
mirage  
Glaring at me

(Verse 2)

The path I seek has never been defined  
Left with only the choice to make up my mind  
I tried so hard, now I'm tired of trying  
Wouldn't get far, there's no sense in hiding  
Biding my time until opportunity found  
Off the beaten path, I'm never turning around

Listening to the sound, a pleasant mockery  
Of how it is, going to change, what will it be?  
A vision so blurred, murky and mired  
Sapping my will and strength, so tired  
Is there really no rest in this wilderness  
I'm lost and looking for answers to all of this  
There's gotta be a better way, I know what I need  
Underneath the sky, someone looking for me?

(Chorus/Outtro)

Please tell me, cause I'm still  
Looking for somewhere  
I'm still looking for something to believe  
I'm still looking for somewhere  
For someone looking for me  
Yeah I'm still looking for somewhere  
I'm still looking for something to believe  
I'm still looking for somewhere  
For someone looking for me  
And is there anywhere to rest in this wilderness  
Cause I'd make a run for it if I could see  
Oh tell me is that the very hand of god or just a mirage  
Glaring at me
