Catch me
Out of the corner of your eye
You will find
That's the only glimpse you'll get
Silent steps
Through a darkened building
I slip past the guards
They never thought to check
Never even checked

You think you're tracking me
But I sent a decoy
You raided my home
As I watched from afar
Picking up now, getting faster
Sprinting along, watching my back Farther and farther
By the time I get there
You may be conscious again
But I'll say to myself

Can't find me now
Can't find me now
Can't find me now
Already half a world away
Can't find me now
Can't find me now
Can't find me now
Been gone since yesterday

Take you're best shot [x8] now

Can't find me now
Can't find me now
Can't find me now
Already half a world away
Can't find me now
Can't find me now
Can't find me now
Been gone since yesterday
Can't find me now
Can't find me now
Can't find me now

Can't hear one word you say
