They speak...  
In the garden of the prophet  
Divine madness...  
The order of the cosmic immoral

For what is humanity  
If not forlorn  
And crawling to my hands  
When the moment sings

For I have read the signs  
And I have solved the riddle  
of eternal life  
The Jinnah have spoken

For I have read the signs  
And I have solved the riddle  
of eternal life...

[From The Dark Past]

A face in stone... decayed by age  
A man who has returned to tell of his damnation  
Fears so deep, the mouth open wide  
The scream died away before dawn of this time  
The eyes - stares so empty  
The mouth - screams so silent  
Tell me! - what did you see there?  
In the darkness - of the past  
Ancient times legends stories so dark  
Blackened his sight, now  
not even the memories are left  
Back after such a long time  
the stone is cold as death  
But what formed it's true fears  
only the wind is able to tell
