Give me your lips
Give me your arms
Give me your kiss
Give me your charms

I'm gonna love you
Yes, I'm gonna love you
I'm gonna love you good and strong
Bring your lips and tag along
Oh, honey, I'm gonna love you

I'm gonna kiss you
Yes, I'm gonna kiss you
I'm gonna kiss you more and more
Like you ain't been kissed before
Oh, honey, I'm gonna love you

Give me your hands
Give me your arms
Give me your smile
Give me your charms

Give me your kiss
Sweeter than wine
Might as well fall right in line

Cause I'm gonna love you
Yes, I'm gonna love you
I'm gonna love you, sweetie pie
I'll love you til the day I die
Oh, honey, I'm gonna love you

I'm gonna love you
Yes, I'm gonna love you
First, I'm gonna put my
Loving arms around you and
Gonna give you all the loving
That your heart can stand
Oh, honey, I'm gonna love you

I'm gonna kiss you

Yes, I'm gonna kiss you
Gonna kiss you from the
Moment that I hit the door
Gonna kiss you
Fifty dozen times or more
Oh, honey, I'm gonna love you

Give me your hands
Give me your arms
Give me your smile
Give me your charms

Give me your kiss
Sweeter than wine
Might as well fall right in line

Cause I'm gonna love you
Yes, I'm gonna love you
I'm gonna love you, sweetie pie
I'll love you til the day I die
Oh, honey, I'm gonna love you

I'm gonna love you
I am gonna love you so
