Hey, Mister Gypsy
Won't you play that magic melody
The one you played last night
The one that made the girl I love
Kiss and hold me tight

Come on and
Play, Little Gypsy
Play that melody
Play, Little Gypsy
And bring her lips to me

Come over and
Play, Little Gypsy
For you can make her see
I love her, I want her
Eternally

Come on and
Play, Little Gypsy
Play that Cupid's tune
Play, Little Gypsy
Daylight's coming soon

Come over and
Play, Little Gypsy
While we still have the moon
Her eyes say there's love there
Please make her swoon

Little Gypsy, play
Little Gypsy, play
Little Gypsy, play

Little Gypsy, play
Little Gypsy, play
That melody

Come on and
Play, Little Gypsy
Play that melody
Play, Little Gypsy

And bring her lips to me

Come on and
Play, Little Gypsy
For you can make her see
I love her, I want her
Eternally

Come over and
Play, Little Gypsy
While we still have the moon
Her eyes say there's love there
Please make her swoon

Her eyes say there's love there
Little Gypsy, Little Gypsy, play
