I want you

I need you, I love you

There's no one

But you in my heart

I swear by the

Moon high above you

It's always been you

From the start

When you're not around

I feel so out of place

But, oh, what a feeling

Each time I embrace you

For always and always

I'll love you

There's no one

But you in my heart

When you're not around

I feel so out of place

But, oh, what a feeling

Each time I embrace you

For always and always

I'll love you

There's no one

But you in my heart

There's no one

But you in my heart
