The youth of today, is rotten and destroyed!  
No future for us all, we are all unemployed  
Confused, young and poor SCARRED FOR OUR LIVES!  
Hey you! fucking coppers look at our lifeless eyes!  
Rotten Rotten Rotten Fucking Youth!  
No Future for me, No Future for you!  
Rotten Rotten Rotten Fucking Youth!  
No Future for me, No Future for you!  
Let's go!  
Coming from a broken fucking home  
Parents unemployed no money for nice clothes  
The government tried to take our house away  
They told my parents, welfare was the way.  
Rotten Rotten Rotten Fucking Youth!  
No Future for me, No Future for you!  
Rotten Rotten Rotten Fucking Youth!  
No Future for me, No Future for you!  
Give Me Fire!  
The youth should be the real interest of today  
Fuck all other problems and what's on tv  
We've got to focus of what's really fucking wrong  
Make a better world or the future will be gone!  
Rotten Rotten Rotten Fucking Youth!  
No Future for me, No Future for you!  
Rotten Rotten Rotten Fucking Youth!  
No Future for me, No Future for you!
