[Verse 1]

Soothin' all you young people, lets keep reminding
Let me remind you
Preachin' for what to believe in, you've got to believe
You have to believe

[Chorus]

You've got to be just what you want
You've got to be what you want
Why can't we be just what we want
You've got to be what you want
I know what I've been told
I know what I've been sold
I know, I know, Oh Yeah

[Verse 2]

Hard times too much confusion
Gotta find some conclusion, this world of confusion
A long lost line of defences I'll blow them
Away, Yep I'll blow them away

[Chorus]

You say you've been what you want sweet lady
I have got to know now, I have got to know now
You say you've been what you want,
Well I gotta know
