You've been ripped apart
You never had that start
You never had your picture on the wall
Haven't you seen the way you been
You helping to break my fall
Rippin' your clothes, strikin' that pose

Ooh, how can you say that I never ever tried?
I thought that you were happy
I thought that you had some

Pride, pride
Yes I thought you had some pride

You couldn't break the chains
So here we are again
You couldn't break those chains that drag you down
Locking the door you slide to the floor
You're happier on your own
No one to blame, carry that pain

Ooh, ooh, ooh
How can you say that I never ever tried?
I thought that you were happy
I thought that you had some pride

Don't you cry
Don't you cry
And I wish that I could bury
The pain that's in your eyes

Pride, pride, pride
Pride, pride, pride

Haven't you seen the way that you've been
Helping to break my fall
But I won't forget
I cannot forget that pose

Don't you cry, no
Don't you cry
Yes I wish that I could bury

The pain that's in your eyes

Pride, pride, pride

Pride, pride, pride
