A leader come,
And leave a cross,
Right upon his land,
He said the travesty is,
The future has been laid
In your hands too long,
Will the journey come to an end, will it end?
Suffering(?) at the skies,
All the evil that is locked in your head,
Talking too true story,
That you never been read,
Can you see,
I believe in a place called hell, yes I do,

Under the sky I cry for you,
Under the sky I crawl,
Under the sky I die for you,
You are the reason why... I fall away,

People have died and I have cried,
Waiting for salvation to come,
It takes a lot of my faith believin' everyday,
We are one and the same,
Is it plain that the damage is done, is it done?
Knock me out cold,
Cut my hair,
Take me back to the start,
Tell me everything is over,
And I don't have a heart that ain't fooling,
All my dreams are passing me by,
There they go,

Under the sky I cry for you,
Under the sky I crawl,
Under the sky I strive for you,
You are the reason why... I fall away, I fall away, I fall-
all-all away, yes.

Taking a stand,
One hand,
Closing over all of your door,
I play a different tune,

Because I don't want to fight in your war,
Torn apart,
Gotta stitch myself together again,
Carry me on your back, jack,
You're never going to reach to the top,
Of all the millions of people scraping by,
You see what they got,
Shot down everytime they try to get back up,

Under the sky I cry for you,
Under the sky I crawl,
Under the sky I strive for you,
You are the reason why... I fa-ll, I fall...

I fall away, fall away,
Don't want to be falling away,
Yeah yeah, Oh yeah,
You're the reason
