

The Anti-Job "The Robbery"

This is a Robbery!
Your typical criminal scene
Where the man takes the money and the new girl
gleams at the ring she wears
Blind by the things she wears
He's gonna take your money!

The deaf boy's blind and a bit behind
He's planning a scheme to sedate the masses
One at a time
His character is lower than a junkie's habit going
Anti-sober, falling over, all the time

So here's the plan man I'm robbing a bank man
I'll be the driver and you be the liar and we'll tell the
people
I'm here to take my money the man would say
The world causes problems so I'm here to take my
Debt away!
Run!

This is a robbery!
Your typical criminal scene where the man takes the
money and comes out clean
Like a sneaking nun, never shun by one
He's gonna take your money

The good guys bad, smiles like a happy dad
Never fearing, always hearing, he's the right one
He'll rob you blind, make you feel, make you steal
The breath it takes to pray...
So what you going to do when the man comes for you
Turn your lights on, keep your smile on and walk on
your way

And roll, roll, roll, roll, your sleeves up
Roll, roll, roll, roll, roll your sleeves up
And... Run!

This is a robbery!
Your typical criminal scene where the man takes the
money

And the people scream at the things he's done
No one saw a gun!
I wonder!
If he... did it... for fun!
