Remember when we heard our song, we say it
Remember, when we shared our toys with one another
How it was that night
They took us through the station

Remember the little angel staring at me
I'd like to still believe you are still here
Yes I know the price of fear
Tell me, please tell me...
Where did you go, that long
Where'd you go, late that night

I thought you'd say
I thought you'd left again
I thought you'd say
I thought you'd left again...

So now it's winter...winter...
Push, to not get it straight
Understand...I'll push, to not get it straight
Understand, all there is to learn

Since you gave me up
Since I can't I quite know
Since I can't I quite know
Since I can't I quite know

Where did you go
Leave me to stay
I don't know, come back soon

Where did you go
Leave me to stay
I don't know, come back soon

Where did you go
Leave me to stay
I don't know, come back soon

Where did you go
Leave me to stay

I don't know, come back sometime

I thought you'd say
I thought you'd left again
Except, you gave me out...
Say...Can't find you
Say...Can't find you
Say...can't find you...
