It's not the fact of the act
it's the lie in your eyes
lurking deceit makes me whisper goodbyes
your words are pointed
so I'm gonna be blunt
you can't stab my back
if I only show you my front

you threw away my heart when you wasted my trust
I give and I give but it's never enough
without a second thought I walked out on you

so go to sleep and dream of when you held me in your
arms
then cherish the memory
because you'll never feel my touch again
