What's that in your head  
Is this that good secret  
That's barking up  
Which one has to run back  
To haunt you up  
Don't worry it's coming  
I need to know  
What it is  
To come back up for air

Back again (glue me to me)  
Up for air (glue me to me)

What happened  
To sneeze you wrong  
The footstep of somebody  
On to you  
What's stopping you  
Is that a double uproar  
It's turning to something  
I need to know  
What it is  
To come back up for air

Back again (glue me to me)  
Up for air (glue me to me)
