Your eyes reveal the way you feel  
you can't hide your loneliness, its welling up inside  
the way you smile only works for a while  
you'll break down and build up until you explode

you are loved  
and you are everything to someone

this life could be more than we ever dreamed  
but right now  
overwhelmed  
its kind of hard to see  
the times are tough, but never to much  
so don't cry when they say youre (\*i dont know this  
word\*)

you are loved  
and you are everything to someone  
it's not too late, we can sort it out (today??)  
so don't give up

i refuse to live in the past  
like all of you past livers  
and i refuse to give a shit  
like all of you shit givers

you are loved  
and you are everything to someone  
it's not too late, we can sort it out (today??)  
so don't give up  
on me
