Verse 1

Save your smile
Everything fades through time
I'm lost for words
Endlessly waiting for you
Stay with me
Yes I know, this cannot be...
As Morning Comes,
I say good bye to you when I'm done... to the Sun

CHORUS:

Because I've been waiting for you, waiting for this...
Dream to come true, just to be with you.
And if die, remember this line...
"I'm always here, guarding you life..."

VERSE 2

I am yours
I'm completely trapped in your soul
Dazed and Confused
Swept away with your own words.
You're my star
Invincible, haunting and far
Grace under fire
Someone is building my hurt, in my heart.

REPEAT CHORUS

VERSE 3

Slowly falling into you
I'm obsessed with the fact that I'm with you
I can't breathe without you.

REPEAT CHORUS

Ending:

Ohhhhhhoooo... ohoh
