

## **The Arcanum Effect "Odyssey"**

Visit "[Odyssey](#)" on [MotoLyrics.com](http://MotoLyrics.com)

So here I am empty handed and heavy hearted  
My life's work is over and I have nothing to show for  
Dethroned, I once stood at the top of the world  
Now I'm forced to tread amongst the common man  
The very thing that once raised me to the heavens  
Has now brought me down to the depths of hell  
But I will crawl my way out of this whole  
And search for God's forgiveness  
For I have nothing left  
Betrayed, the story repeats itself and with a kiss you  
turn me in  
With a kiss you let go me go  
With a kiss you mark the end  
But love has no place for selfishness  
Now we are separated by an ocean between us  
And with each mile I fear you'll forget me  
But in turn it seems I've forgotten you  
I'm starting all over or so I thought  
My heart had found a beat once again  
I must admit I'm terrified but in her arms I found  
comfort  
Her skin on mine and each dose was ecstasy  
And I've grown attached to the taste of her tongue  
I had a feeling this was more than just lust  
But I was quickly proven wrong  
Steady beats and heavy breathing  
She whispered in my ear "just do what feels right"  
This is more than what it seems  
I am more than I thought I could be  
You can take me for what I am  
Or leave me for what I'm not  
But I will always end up deceived  
Go throw yourself at him  
I don't care anymore  
Through this struggle I have found my strength  
So let me repay you  
You have awoken the destroyer in me  
This is what I've become  
His face won't escape my hate  
Pummeling, every strike will bring me pleasure  
And feed the monster within me  
Oh revenge will be so sweet

When his face lies beneath my feet  
I swear to you that day will come
