I no longer believe we're who we used to be
Four years of mistakes, I knew you couldn't take it
Now all this time will tell if we were meant for someone
else

Take it out on me so I can hear your broken heart
beating
And now you've got me shoved against the wall so that
I can feel the heat of your body

I'm locked and loaded, so let's get this over with
Because I can't stand the thought of not seeing you
again
I lost control, and now I'm losing you as well
I can't take this, baby make this bullet ignite

You're breathing softly
As our eyes coincide, you whisper to me, "I don't know
who you are anymore"

Take it out on me so I can hear your broken heart
beating
And now you've got me shoved against the wall so that
I can feel the heat of your body

I'm locked and loaded, so let's get this over with
Because I can't stand the thought of not seeing you
again
I lost control, and now I'm losing you as well
I can't take this, baby make this bullet ignite

I never thought it would end like this
I took it too far, now I'm scared to death you're gone
We can never go back to the way it used to be

I'm locked and loaded, so let's get this over with
Because I can't stand the thought of not seeing you
again
I lost control, and now I'm losing you as well
I can't take this, baby make this bullet ignite
