I can't decide if You are crazy or just really really brave
You make us all the same all able to choose our private
fate
You make it so we choose
To not or to love You
You do it just know
Which way we'd rather go
Straight back into Your arms
Or lost to worldly charms
You really have to know
You really have to know

Wha-ah-ha-ah-ah-ah-ah-whoah

And just in case that risk is not quite enough of a
chance for You
You go and make us the object of all your affections
Of all that You do

So when You lose it's big
Cause we're Your everything
With all this on Your brain
You are still unafraid
Because You know that some
Some will return this love
Oh and that's all You want
That's all you ever want

Wha-ah-ha-ah-ah-ah-ah-whoah

Oh it's poetry it's genius
You don't want robots
You want our love
So You let us carry on like this
You don't want robots
You want our love
Oh and we blame You and we call You names
But You don't want robots
You want our love
But still you give it to us all the same
All the same

All the same

Wha-ah-ha-ah-ah-ah-ah-ah-whoah
