

## The Ataris "Giving Up On Love"

these past few weeks

I've been confused

sometimes I wonder if

I'm better off alone.

you fall in love

then break your heart.

you fall in love again

its never ending.

I used to have this friend

who took his fiance

to see billy idol

a couple weeks before

their wedding day.

the chick got backstage

and left my friend outside.

next day he called

from a hotel

asking for a ride.

I guess I'm giving up on love [x3]

'cause it really kind of sucks

uninspired

and growing tired  
why am I always  
so attracted to drama?  
so here I am  
grown up at 23  
will someone tell me  
what it takes to be happy?  
I play in my band  
and write a lot of songs  
about relationships  
and how mine went wrong.  
maybe I'll meet that special  
girl along the way  
then she'll break my heart  
and leave me crying.
