30th of April, seems like yesterday.

We bought a house above the ocean

where our kids could laugh and play.

I called you from Paris

to tell you that I wrote our names on the observation
deck

of the Eiffel Tower.

Remember those nights,

playing "Summer wind" on the juke box of the bar we
used to go.

We made out in the bathroom and you walked me to
my house,

I tried to convince you not to go home.

If only i had more time, I'd take you where you wanted
to go.

Italy isn't the same without you here.

If only I had one wish, I'd want a million tillion lifetimes
that I could spend with you...

Fall in love with you again and again.

1st of November, 1998.

I was thinking of what to say when I could call.

Denice come over to my house, cuz you're the one for
me.

We'll drink cheap wine and watch more shooting stars.

Remember our first apartment?

Our couch was never big enough for two.

Still, we'd fall asleep in eachother's arms and wake up
on the floor.

Now looking back it was made for me and you.

If only I had more time, I'd take you where you wanted
to go.

Japan is really nice this time of year.

If only I had one wish, I'd want a million trillion lifetimes
that I could spend with you...

Fall in love with you again and again.
