And if this one hurts I'm sorry.
But I can't stand the way I feel.
I wish I could, but I ain't made of steel...

You're telling the world I will.
I'm telling you know, I won't.
I can't endure you so let me be.

I'm moving forward from you(x2)

You need someone to hold on to.
For everything that you go through.
And all the times you don't feel right.

I wanna laugh each time you tell me.
You and I it feels so right.
I'm putting an end to it tonight.

If I stay I'll go crazy.
If I leave I'll be alright.
All I need is for you to get out of my sight

I'm moving forward from you(x2)

You need someone to hold on to.
For everything that you go through.
And all the times you don't feel right.
I'm moving forward from you
'Cause I can't take it anymore
Watch me walk on out your door

I'm moving forward from you... (x4)

You need someone to hold on to.
For everything that you go through.
And all the times you don't feel right.
I'm moving forward from you
I can't take it anymore
Watch me walk on out your door

I'm moving forward from you...
