Go run and tell all the neighbors
Go run and tell everyone
There's a storm that's coming for her
This type of rain will make her fall in love

This girl's so condescending
Mysterious but beautiful
So go run and tell all the neighbors
I'm gonna grab her heart and won't let go

I've never wanted you so much as I do right now
I can't believe this is happening to me

Hey, make it rain
Flood the streets if only for today
Hey, make it rain
I need you, I want you, oh

I just can't help it
Baby, all we got's tonight
Hey, make it rain, yeah

Her favorite place to dance is outside
Especially when the stars are bright
So that's exactly where I'm headed
She's beautiful under night skies

I've been waiting for this weather
Come rain, come shine, she's mine
Go run and tell all the neighbors
The storm is coming, better get inside

I've never wanted you so much as I do right now
I can't believe this is happening to me

Hey, make it rain
Flood the streets if only for today
Hey, make it rain
I need you, I want you, oh

I just can't help it
Baby, all we got's tonight

Hey, make it rain, yeah

My eyes will be locked on you
I'm movin' in for the kill so sit still, yeah
I want your eyes locked on me
You will be loving me till the morning

Hey, make it rain
Flood the streets if only for today
Hey, make it rain
I need you, I want you, oh

I just can't help it
Baby, all we got's tonight
Hey, make it rain
